An amazing opportunity to visit the Kingdom of Tonga, experience the local hospitality and culture. The Ha'apai Island Group in Tonga harbours crystal clear waters and during the months of July - October, Humpback Whales!

Swimming with these giants of the sea, listening to their singing under water and being graced by their presence in the warm waters create a spiritual bond experienced no where else in the world. With islands ringed by white sandy beaches or tropical rainforests, this is a unique experience you do not want to miss.

Tonga is located on the Humpback whale migration route from Antarctica and has become a Whale Sanctuary.

Matafunua Lodge is located on a remote Island, which gives us access to one of the best whale areas in Ha'apai. Female Humpbacks come back to the same locations to give birth and nurse their new born calves. Come enjoy the majesty of the mighty Humpback Whale as they migrate to the warm tropical waters for the winter months. Enjoy comfortable vessels to watch and swim with these gentle giants, indulge in awesome food and relax in paradise.
